

Limited-duration Grant-funded Special Assignments

Form Submitted by: Michelle Vidaurri

Date: 5/7/24

Department/Office: Petaluma Student Services Grant Duration: From Fall 24 To Spring 25

Project Title Math, English 1A and EMLS 10 Q & A at Petaluma Welcome Day

Project Description (Add pages, if needed)

The following are activities in partnership with the Student Success Team's utilizing SEA categorical funds intended to support welcome activities.

In the past, both Student Success and EOPS programs have invited Math, English 1A and EMLS 10 Faculty to meet first year students in a forum that allows for robust Q&A. This forum allows students to ask questions ranging from study time, types of calculators needed, benefits of corequisite support, the math lab, best math sequence for area of study, etc...

Petaluma Welcome Day will offer this session from 10am -noon August 17, 2024

Compensation Structure (Add pages, if needed)

Faculty hourly rate for one hour prep, and each hour of workshop facilitation. (3 total each person)

Selection Process (Add pages, if needed)

Please see attached

Received by AFA: _____

We are seeking up to three faculty who teach Math, EMLS 10 and English 1A

Since the welcome day session is campus specific, it is a preference that Petaluma faculty participate so students can build a connection with a potential future instructor, thus selection preference will be based on such.

Other preferred (but not required) selection criteria is based upon working knowledge about SRJC and support services through partnership with programs, relevant committee work, or attendance at relevant workshops/PDA sessions.

Interested faculty should email the following persons noting their interest and indicate requisite knowledge or experience (as noted above, and if applicable. No documentation required) by July 12

Those selected will be notified on July 14 2024.

Michelle Vidaurri, Director, Student Engagement & Support Services, Petaluma
